

**Washington Public School District
Student Drug Testing Consent Form**

Statement of Purpose and Intent

Participation in school sponsored extra-curricular activities at the Washington School District is a privilege. Activity Students carry a responsibility to themselves, their fellow students, their parents, and their school to set the highest possible examples of conduct, which includes avoiding the use or possession of illegal drugs.

Drug use of any kind is incompatible with participation in extra-curricular activities on behalf of the Washington Public School District. For the safety, health, and well being of the student of the Washington Public School District, the Washington Public School District has adopted the attached Activity Student Drug Testing Policy and the Student Drug Testing Consent for use by all participating students at the middle school and high school levels.

Participation in Extra-Curricular Activities

Each Activity Student shall be provided with a copy of the Activity Student Drug Testing Policy and Student Drug Testing Consent, which shall be read, signed and dated by the student, parent or custodial guardian, and coach/sponsor before such student shall be eligible to practice or participate in any interscholastic activities. The consent shall be to provide a urine sample: a) as part of their annual physical or for eligibility for participation; b) as chosen by the random selection basis; and c) at any time requested based on reasonable suspicion to be tested for illegal or performance-enhancing drugs. No student shall be allowed to practice or participate in any activity governed by the policy unless the student has returned the properly signed Student Drug Testing Consent.

Student's Last Name

First Name

MI

I understand after having read the "Student Activity Drug Testing Policy" and "Student Drug Testing Consent," that, out of care for my safety and health, the Washington Public School District enforces the rules applying to the consumption or possession of illegal and performance-enhancing drugs. As a member of a Washington extra-curricular interscholastic activity, I realize that the personal decision that I make daily in regard to the consumption or possession of illegal or performance-enhancing drugs may affect my health and well-being as well as the possible endangerment of those around me and reflect upon any organization with which I am associated. If I choose to violate school policy regarding the use or possession of illegal or performance-enhancing drugs any time while I am involved with in-season or off-season activities, I understand upon determination of that violation I will be subject to the restrictions on my participation as outlined in the Policy.

Signature of Student

Date

We have read and understood the Washington Public School District "Activity Student Drug Testing Policy" and "Student Drug Testing Consent". We desire that the student named above participate in the extra-curricular interscholastic programs of the Washington Public School District and we hereby voluntarily agree to be subject to its terms. We accept the method of obtaining urine samples, testing and analysis of such specimens, and all other aspects of the program. We further agree and consent to the disclosure of the sampling, testing and results as provided in this program.

V. Consequences

Any Activity Student who tests positive in a drug test under this policy shall be subject to the following restrictions:

A: First Offense:

The parent/guardian will be contacted immediately and a private conference will be scheduled to present the test results to the parent/guardian. A meeting will then be set up with the student, parent/guardian, athletic director, and principal concerning the positive drug test. The Activity Student who has tested positive will be suspended from participation in all scheduled extracurricular activities (including all meetings, practices, performances and games/competitions). A student athlete participant must miss a minimum of 20% of the allowable number of regular season contests allowed by the Oklahoma Secondary Schools Activities Association (OSSAA). If the student is not competing in an athletic activity during any suspension period due to injury, academic ineligibility or the games or competitions for that sport are finished or have not begun for that school year and, therefore does not miss a minimum of 20% of the games/competitions during the suspension period, then the student will be required to miss a minimum of 20% of the games/competitions after he or she returns from the injury, becomes eligible or the games or competitions resume in the following school year or begin later in the same school year. These restrictions and requirements shall begin immediately following the determination of the observed violation or the reporting of the results of a positive drug test. Such suspension will extend into a succeeding competition season if necessary to fulfill the suspension. Also, the Activity Student within the length of the suspension must show proof that the student has received drug counseling from a qualified drug treatment program, counseling entity, or the schools drug educator. Additionally, the student must voluntarily submit to a second drug test to be administered within two (2) weeks in accordance with the testing provisions of this policy.

B: Second Offense:

Complete suspension from participation in all extracurricular activities including all meetings, practices, performances and competition for eighteen (18) continuous and successive school weeks from the date of the determination of a violation or the reporting of the results of a positive drug test under this Policy. Such suspension will extend into a succeeding school year if necessary to fulfill the suspension. Offenses occurring during the seventh and eighth (7-8) grades shall be cumulative for the duration of the student's middle school career. Offenses occurring in grades nine through twelve (9-12) shall be cumulative throughout the student's high school career. Activity Students will be required to miss a minimum of 40% of regular season contests, competitions or performances whenever scheduled.
